

Changes to your Primary Health Organisation (PHO)

What is changing?

All practices in Northland are supported by a primary health organisation (PHO). **From 1 July, a new organisation called Mahitahi Hauora will take over the role of the PHOs.**

What is Mahitahi Hauora?

Mahitahi Hauora is an organisation that supports general practices and other primary health providers. It is a collaboration between Manaia Health and Te Tai Tokerau Primary Health Organisations, Northland District Health Board, Māori health providers, general practice, and Northland Iwi leaders.

What does the change mean for me?

You'll have the same access to your health care team as you do now.

In the long term, Mahitahi Hauora will work closely with Communities, health and social service providers, to make sure all services best fit the needs of the people who use them.
